BULLETIN MENSUEL

MONTHLY BULLETIN

MARS 1938

MARCH 1938

I N F O R M A T I O N S

1) VI^e ASSEMBLEE GENERALE :

Publication des documents:

Comme nous l'avons signalé dans notre dernier Bulletin, le Volume qui sera édité à l'occasion de la prochaine Assemblée Générale de l'Union, contiendra le texte complet de tous les mémoires originaux qui parviendront au Secrétariat Général avant le 15 Juillet 1938.

Afin de réduire les frais d'impression, les auteurs sont priés de bien vouloir exclure, autant que possible, les figures accompagnant le texte, les photographies et les graphiques, dont les données quantitatives ont de l'importance.

Conformément à l'article 24 des statuts de l'Union, les travaux inédits seront publiés dans la langue originale.

Les mémoires rédigés en une autre langue que le français seront suivis d'un résumé français dont le texte ne dépassera pas 300 mots.

1) VIth GENERAL ASSEMBLY :

Publishing of papers :

As we brought to notice in our last Bulletin, the Volume to be published for the next General Assembly of the Union, shall contain the full text of all the original papers reaching the General Secretary's Office before the 15th of July, 1938.

In order to reduce the printing cost, authors are kindly requested to exclude as much as possible, the figures accompanying the text, photos and graphics of which quantitative data are of importance.

Conformably to article 24 of the statutes of the Union, inedited works shall be published in the original language.

Papers written in another language than the French one, shall be followed by a French summary not exceeding 300 words.

Les auteurs désireux de faire suivre leur texte d'un résumé rédigé en une autre langue, sont priés d'en adresser le texte au Secrétariat Général en même temps que leur mémoire.

Pour les travaux déjà parus dans une autre revue, les Comptes-Rendus contiendront un résumé, sans figures, établi en français, et, éventuellement dans une autre langue, si les auteurs en expriment le désir et en fournissent le texte.

2) VI^e ASSEMBLEE GENERALE

Diffusion des documents:

Etant donné le nombre de documents qui sont déjà parvenus au Secrétariat Général ou dont l'envoi est annoncé, ainsi que la multiplicité des langues dans lesquelles ces documents sont établis, il est à craindre que le Secrétariat Général ne puisse assurer une diffusion complète des documents sans l'aide des Comités Nationaux et des Membres intéressés.

Le Secrétariat Général se propose d'adresser à tous les Comités Nationaux, à raison d'un exemplaire par unité statutaire, le texte de tous les documents qui lui parviendront en temps utile.

Des collections de documents seront constituées et remises aux Membres participants, à l'ouverture de l'Assemblée.

Cette résolution ne pourra être suivie que si les auteurs de travaux déjà publiés veulent bien adresser au Secrétariat Général 100 exemplaires de chacun des mémoires présentés.

Authors wishing to see their papers accompanied by a summary in another language, are requested to send this summary together with the full text.

For works already published in another review, the Proceedings shall contain a summary written in French, without figures, and, eventually in another language at the wishes of the authors, as so far as they furnish the summary.

2) VIth GENERAL ASSEMBLY :

Diffusion of papers :

On account of the numbers of papers which have already reached the General Secretary's Office or are announced, and on account of the various languages used, it is to be feared that the General Secretary's Office shall not be able to assume a complete diffusion of the works, without the help of the interested National Committees and authors.

The General Secretary's Office intends to send to the various National Committees, at the rate of one copy per statutory unit, the full text of all papers received in due time.

Collections of works shall be gathered and distributed, at the opening of the Meeting, to every partaking Member.

In order to bring this resolution in action, it is wished that authors of papers already published, would kindly send to the General Secretary, 100 copies of their works.

Tous les documents seront traduits en français par les soins du Secrétariat Général.

Ces traductions seront envoyées aux Comités Nationaux de langue latine et aux autres Comités qui en feront la demande.

Le Secrétariat se chargera de distribuer et éventuellement de reproduire les traductions en d'autres langues, qui lui parviendront en temps utile.

3) VI^e ASSEMBLEE GENERALE :

Organisation des travaux:

En vue d'aider les Présidents des Commissions dans l'établissement des programmes des travaux, le Secrétariat Général a résumé dans un document publié ci-après, les dispositions statutaires et les résolutions prises antérieurement pour le fonctionnement des Commissions.

4) STATUTS - Correction :

L'article 24 du texte anglais doit être complété comme suit:

" It is also in French that accounts and official papers of the Union shall be written, however, scientific works shall be published in the original language. "

All the papers will be translated into French by the care of the General Secretary's Office.

Translations will be forwarded to the Latin speaking National Committees and by request to the others Committees.

The Secretary's Office will forward and eventually reproduce translations in others languages received in due time.

3) VIIth GENERAL ASSEMBLY :

Organization of works :

In order to help the Presidents of Commission to establish the programs of works, the General Secretary's Office has summarized into a document published hereafter, statutory dispositions and resolutions taken for the activity of Commissions.

4) STATUTES - Correction :

Article 24 of the English text has to be completed as follows :

D O C U M E N T S

COMITE NATIONAL FRANCAIS - FRENCH NATIONAL COMMITTEE -

- N° 494 - Physique du Globe - Les évanouissements brusques des ondes radioélectriques, leurs relations avec les phénomènes magnétiques et solaires. Note de M.M. R. Jouaust, R. Bureau et L. Eblé.
(Extrait des Comptes-Rendus des séances de l'Académie des Sciences, t.205, p.1427, séance du 27 Décembre 1937)
- N° 499 - Anomalies dans la propagation des atmosphériques et évanouissements brusques pendant le mois de Décembre 1937.
- N° 500 - Evanouissements brusques relevés en Janvier 1938.

SECRETARIAT GENERAL

N°501 - Aide-mémoire à l'usage des Présidents de Commissions.

I.- Dispositions statutaires:

1. But et composition (art. 7 et 8).
2. Nomination du Président (art.8)
3. Publications (Art.9)
4. Consultation des Comités Nationaux et des Commissions (Art.12).
5. Votes (Art.19)
6. Règlement intérieur (Art.21)

II.- Règlement des Commissions:

L'annexe aux statuts fixe la composition du bureau, le rôle et la méthode de travail des Commissions.

III.- Résumé des Résolutions prises à l'Assemblée Générale tenue à Copenhague en 1931 (1)

- A. Préparation des questions à discuter dans une Assemblée Générale, au moins un an avant la date de l'Assemblée.
- B. Désignation de rapporteurs pour chaque question.
- C. et D. Conduite à tenir en vue de présentation tardive de questions ou de questions ne figurant pas au programme.
- E. Rôle du Comité Exécutif
- F. Présentation de questions étudiées dans un but de documentation scientifique des Membres de l'Union.

(1) U.R.S.I. Vol.III. p.97

GENERAL SECRETARY'S OFFICE

N°501 - Memento for Presidents of Commissions

I.- Statutory dispositions:

1. Object and composition (art. 7 and 8).
2. Election of the President (Art.8)
3. Publication (Art. 9).
4. Consultations of National Committees and Commissions (Art.12).
5. Votes (Art.19).
6. Regulations (Art.21).

II.- Regulations for the Commissions:

The appendix to the statutes fixes the composition of the bureau, the duty and working method of Commissions.

III.- Summary of resolutions taken by the General Assembly held at Copenhagen in 1931. (1)

- A. Preparation of subjects to discuss during a General assembly, to be started at least one year before the meeting.
- B. Nomination of reporters for each question.
- C. and D. Conduct to follow in case of late put forward subjects or of subjects cut of program.
- E. Duty of the Executive Committee.
- F. Presentation of subjects studied in view of scientifical documentation for the Members of the Union.

G. Présentation de sujets ne faisant pas partie du programme de l'U.R.S.I.

IV.- Résolutions prises à la Ve Assemblée Générale (Voir Bulletin n°2, Février 1938, p.17).

Des copies des documents peuvent être obtenues en s'adressant au Secrétariat Général.

G. Presentation of subjects not belonging to the program of the U.R.S.I.

IV.- Resolutions of the Vth General Assembly (See Bulletin n°2, February 1938, p.17).

Copies of documents to be obtain by request to the General Secretary's Office.
